DETAILED ACTION

Current Status

1. This action is responsive to Applicants' Remarks of 1 December 2005.
2. Claims 1-16 are under active consideration in the instant application.

Allowed Claims

Claims 1-16 are allowable over the prior art of record.

Reason For Allowance

The following is an examiner's statement of reasons for allowance: Applicants claim a process for making quaternary ammonium hydroxide with quaternary ammonium compound and metal hydroxide in an aminoalcohol solvent system; wherein all the variables are as defined in the claim. The process was neither found to be obvious nor anticipated by the prior art of record.

The closest prior art is Walker, {US 5,760,088}. Walker (US 5,760,088) teaches a process for making quaternary ammonium hydroxide with quaternary ammonium compound and metal hydroxide in a solvent system; for example, single solvent system, mixture of solvent system, alcohol solvent system, alcohol/water solvent system or ammonia/water system. However, applicants argue that their claims (claims 1-16) recite reacting a particular quaternary ammonium halide with a metal hydroxide in an aminoalcohol solvent to yield a quaternary ammonium hydroxide compound. Applicants contend that the prior art does not disclose an aminoalcohol solvent. Therefore, a prima facie case of obviousness has not been established.

Applicants' argument is found persuasive because this difference is not readily apparent and would not have been suggested to one of ordinary skill.

A search of the prior art failed to uncover any reference that teaches or motivates one of ordinary skill to disclose a process for making quaternary ammonium hydroxide with quaternary ammonium compound and metal hydroxide in an aminoalcohol solvent as claim by applicants.

All claims (1-16) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
